

Overview and Proposal for Nagasaki and Genkai NPP Tour following the 2026 WiN Global Annual Conference

The peaceful use of nuclear energy, ‘Atom for Peace’, is a universal principle should be shared by all those engaged in the nuclear field.

Immediately following the 2026 WiN Global Annual Conference in Gyeongju, WiN-Japan is pleased to offer WiN Global members the opportunity to visit facilities related to the atomic bombing in Nagasaki.

This tour also includes a visit to the Genkai Nuclear Power Plant and a member discussion session, promising to be an excellent two days of learning.

Number of participants from WiN Global : approximately 15 maximum

Group size at the power plant is limited. WiN-Japan members will also join the tour.

Participation fee: Approximately JPY 50,000

This includes accommodation and dinner on April 4th and 5th.

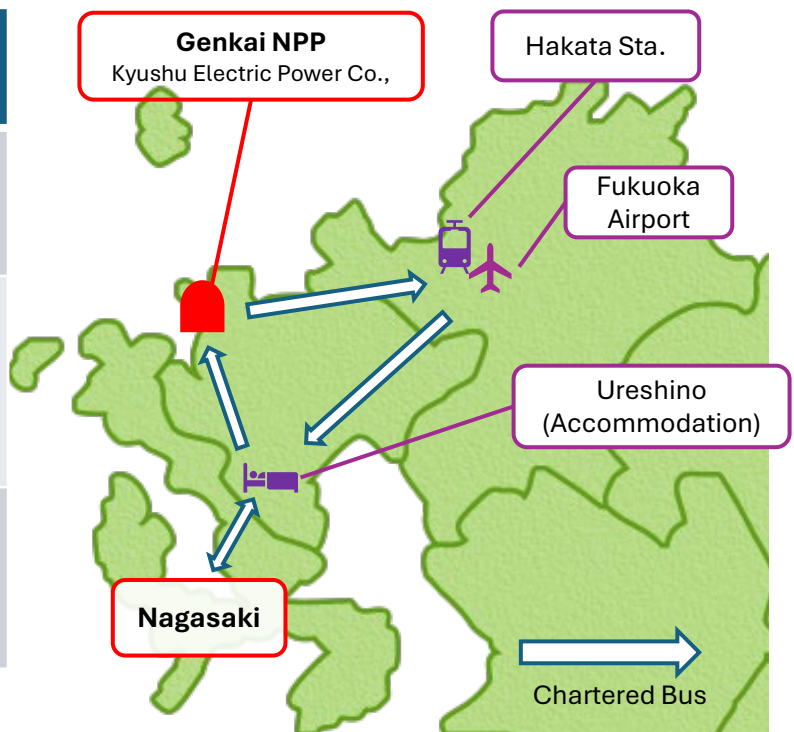

The exact amount will vary depending on the times you attend the evening meals over the two days. We will provide a specific price once your requirements have been confirmed.

Planned Accommodation Hotel: Fairfield by Marriott Saga Ureshino Onsen

Unless we make a specific request, individual participants do not need to make their own reservations.
